

OPAL: *Putting The Fun Back Into Playing League*

## **B O O M E R S P A G E**

JANUARY 13, 2016

### **Qualified Teams**

Teams that have already qualified for regionals, or who get qualified during the upcoming tri-cups, please read pages 85-95 of your team manual to make sure you understand what it takes to keep your team eligible. Basically, you only have the first 4 weeks of this session to make changes to your roster. The players that you have on your roster at the flip of the coin week 4 will be the team that you go to regionals with as long as they have enough scores in by the end of the session. No substitutions can be made on your regional roster. Every player on your roster must have a skill level based on at least 10 scores in the format you are advancing in. The 10 scores must have been earned within the last 2 years. The only scores that count are regular league, playoff and tri-cup scores. Scores acquired during Summer session 2016 scores do not count towards the 10. All players must play with your team at least 4 times this session before playoffs. You must have at least 4 original members on this session's roster. All players must be in good standing with the league. We will do our best to make sure everyone meets the requirements, but team captains must take on the bulk of the responsibility in ensure all of the requirements are met.

### **Online Newsletters**

For quite some time now, anyone who has provided us with an email address is receiving our weekly newsletters and flyers directly to their email address. The best open rate that we have been able to achieve is 30%. While we are glad that we are reaching more members with our information, we do have to pay for the number of emails that we send out each month. If you are not interested in knowing what is going on with the league and do not wish to receive these weekly mailings, please open up one of the emails and click on the link at the bottom of the page to opt out.

#### **Referee School Is February 6th at Rodder's Starting At Noon**

**This is a great class to attend, even if you are not interested in becoming a referee**

**Please pre-register with the League office. There is no charge.**

**Just a few hours of your team to truly learn the correct interpretation of the rules.**

**Please read the Official Team Manual Prior To Attending**

**Thank You For Your Patience. With the bad weather and myself being out of commission last week, things got really behind. We are back on track now and things are as "normal" as can be expected for this time of the year.**
