*OPAL: Putting The Fun Back Into Playing League*

### Scores Are In

The scores from the 8 Ball World Qualifier, held last weekend, have been entered and averaged into each participant's permanent player record. You may find that a player's skill level has changed even though they did not play last week.

### NON-RATED PLAYERS MUST PLAY

All non-rated players, those without a skill level must play at least once by week 7 or they will be removed from your roster, even if you have a "bye" that week. Double jeopardy teams, the non-rated players must play at least one 8-ball match and one 9-ball match.

### Makeup Matches Need To Be Completed By July 15

### Last Week To Add Players To Your Team

Week 7 is the last week to add players to your team. You need to call the league office before the match starts to get specific instructions on how to add a player at this point in the session. Failure to do so may result in you not being able to add that player until next session.

### Vacation Time

July is the only month of the year that the office staff can take any vacation time. You should not see any delay in getting your weekly packets. Office hours will be 10 am to 5 pm, Monday-Saturday for the entire month. Please leave a name and phone number on the voice mail and someone will be back to you as soon as possible. If you need immediate assistance and are not able to reach your division rep or the office, you may try the cell phone 503-381-6725 or you may call John Blue up until 10 pm 503-481-0323, Monday-Friday.

### A Very Sad Goodbye

We are very sad to report that we lost one of our young members this last week. Lindsey Davis, who was just 30 years old, suffered a heart attack on June 10. She was in a coma for a week before she died. Lindsey joined the league Spring session of 2012 and played in the Downtown division out of Touche's. The picture to the left is of her enjoying the National Team Championships in 2014. Our deepest condolences to her family, friends and teammates.
