Only One Playback Allowed Per Format For Rest Of Session

One playback per match will be allowed throughout the entire session. Here are the catches: The team doing a playback, must be able to prove that had all their members been present they could have met the 23 rule, playing 5 different members of their team with the lineup they put up. Teams that abuse the playback rule to get around the 23 rule or use it to excess will have the privilege removed as an option. **We are now in the last 4 weeks of the session, starting with week 9, so only one playback will be allowed per match, no matter what the two teams agree to. The 2nd playback will be a forfeit, no one will get the points and the matches will not count towards the minimum matches played requirements.** Double Jeopardy, that means you are allowed one playback in 8-ball and allowed one playback in 9-ball. The only exception will be for those completing make up matches for weeks 1-8 and Master Divisions. Playbacks are not allowed in playoffs or tri-cups.

Number of Times You Must Play

In order to participate with your team in playoffs or tri-cups, a player must have played with your team a minimum of 4 times in the format you are advancing in. Double jeopardy teams, that means 4 times in 8-ball to go to 8-ball playoffs/tri-cups and 4 times in 9-ball to go to 9-ball playoffs/tri-cups. Forfeits and byes do not count as a match played.

In Last Place? There is always the Wild Card!

Even if your team is currently in last place in the division, you can still make it to playoffs and possibly go on to become division champion for a chance to win a trip to play in the National Tournament in Las Vegas. At least one wild card team is chosen from each division of five teams or more to compete in playoffs. Many of those teams end up becoming division champions and some of them have even made it to Vegas. Don't despair, there is still hope.

A forfeit in 9-ball is scored 15-0, A forfeit in 8 ball is scored 2-0

During regular league play

Have a Safe and
Happy 4th!
