## Going to Two Tables

I don't know why this is an issue all of a sudden, but we have been having a lot of complaints about teams not willing to go to a 2nd table when the matches are running late. This is not an option, you will go to a 2nd table even if only one team wants to do so. Please refer to the Official Team Manual, page 28, section 10. "Normally a team match is played on only one table. Occasionally, lengthy matches makes it logical to put a second table in action, if one is available. So, if the fourth match has not started by **official League start time plus two hours**, then it would begin on the second table. The fifth match would then be played on whichever table becomes available first. A team is subject to penalty if an *available* table is made *unavailable* for a **splitting matches** situation and it is later determined that they, in any way, caused it to be *unavailable* or resisted using the second table. **Splitting matches** is waived if both teams want to continue on one table." We are seeing way too many matches go into the wee hours of the morning. One match even had to move to a different location in the middle of their match because the bar was ready to close. **If your team is consistently running over the 3 1/2 to 4 hour mark to complete your match, there is time being wasted somewhere. Remember, you are on a 20 second shot clock, 1 minute timeouts and 2 minutes to get the next match started.** Double jeopardy teams may need to put a 3rd table into play if the match is lagging. We are losing players and teams because of long matches, especially during the week. Many people have to work in the morning and these late nights have to stop. Every team that we lose affects the entire league. Remember that the team fees fund the payback fund, tri-cup fund, travel money to Vegas, awards and all of the special events that we offer to our members. So let's all work hard to keep the matches moving along at a reasonable pace and keep those teams in the league.

## National Scores

The scores from the national team championships are in each participants player record. You may see that a player's skill level has changed even though they did not play last week.

## REALLY....ALREADY?

It is only week two and already I have had to lay down the law to a few teams about how you are expected to conduct yourselves during league. Bottom line. You are all adults, act like it. Name calling, yelling and screaming, throwing temper tantrums are things that children do. When adults have a conflict, they are expected to talk it out and get it settled. If one person is being a jerk, being a jerk back only perpetuates the situation. Someone needs to stand up and be the adult. You are all expected to act like ladies and gentlemen. It does not matter if you hate the other team or location, you will treat both with respect. If you get obnoxious or belligerent when you drink, don't drink. If you are having problems outside of league that are affecting your mood or mental well being, either stay home or leave your baggage at the door! Nuff said
